

## **FAQs: FREQUENTLY ASKED QUESTIONS**

### 1. What is Acrux and what is Trojan Labor?

Acrux and Trojan Labor are temporary staffing services specializing in providing temporary employees primarily in the industrial sector throughout the United States. We provide temporary employees ranging from skilled to semi-skilled to unskilled laborers to companies like yours every day.

Acrux is a weekly or long-term assignment based office where employees typically range from semi-skilled to skilled and are paid weekly. These employees are dispatched over the telephone after extensive interviewing and confirmation of their skills and abilities.

Trojan Labor is a daily work, daily pay operation that typically has skilled, unskilled *and* general laborers available on a day-to-day basis. Orders placed with Trojan Labor between 5:30 a.m. and 9:30 a.m. are normally filled within *one hour*. Trojan Labor employees are dispatched from the branch *in person* every day.

### 2. Why use temporary staffing?

When the cost of hiring and retaining permanent staff is broken down, approximately 55.55% beyond one permanent employee's payroll is spent by the employer. In other words, it costs you 155.55% of that permanent employee's payroll to hire, retain, provide benefits for *and pay* one employee.

When you use temporary staffing, you pay *ONLY* for time worked. You pay no benefits, no payroll taxes, no retention costs and no advertising costs. As the legal employer of our temporary staff, we handle and administrate all of those charges and cut through all of the red tape for you.

### 3. Why use Acrux and Trojan Labor?

Besides the fact that we will save you and your company money, we will customize our service to suit your requirements.

- We can provide drug screening.
- We can deliver payroll checks to the job site, factory, warehouse or plant location.
- We can provide employees in uniform upon your request.
- We can provide safety equipment.
- Copies of our Certificates of Insurance are available at your request.
- At Trojan Labor, we bring your temporary staff to you.
- We have an unconditional satisfaction guarantee.
- We are committed to understanding your needs as a customer.
- We are a nationwide company and available to service you in our common markets throughout the country.
- We can send our invoices to anyone you designate anywhere.
